

## MR 16 10 watt LED lamp & fixed Driver

## EO-MR16LD-10W

| SPECIFICATIONS            |   |
|---------------------------|---|
| Product Code              | EO-MR16LD-10W   |
| Power Consumption         | 9.5 watts   |
| Operational Voltage       | 240V power supply (included)<br>12v lamp voltage  |
| Power Factor              | >0.935  |
| Intensity of Light Output | Warm White - 710 lumens<br>Cool White - 750 lumens  |
| Colour temperature        | Warm White - 2700 to 3000 Kelvin<br>Cool White - 4000 to 5000 Kelvin  |
| LED Chip / CRI            | Eo-MR16LDB-10W Bridgelux – 71CRI<br>Eo-MR16LDC-10W Citizen – 84CRI<br><i>(please specify when ordering)</i> |
| Dimmable                  | 100%- 5%  |
| Dimensions                | 50mm x 74mm   |
| Expected Life             | 50,000+ hrs   |
| Beam Angle                | 45° & 60°   |
| Warranty                  | 2 years   |
