

T8 1200 LED Tube (Replaces T8 Fluorescent Tube)

EO-SMD-T8 1200-20

SPECIFICATIONS	
Product Code	Eo-SMD T8 1200-20
Colour	White
Power Consumption	18.98w LCP
Beam angle	120 degree
Lens	Clear or Frosted cover available
Operational Voltage/ Frequency	240V, 50 -60Hz
Colour Temperature	Warm White 3000K Cool White 4000K Daylight 5000K or 6000K
Light Output	Cool white 1820 lumens Daylight 2020 lumens
Power Factor	>0.95
Operating Humidity	>95%
Operating Temperature	-20' to 50'C
Efficiency	100 lm/ watt
Housing	Aluminium & Thermoplastic
LOR	100%
Expected Life	50,000 + hours
Compliance	C-Tick- Conforms to AS/NZS CISPR15-compliance No. BST10120119Y-IEC-6-EPCS (Electrical product certification services AUSTRALIA) electrical compliance SGS No. 100829 complies with AS/NZS 60598.2.1:1998 with AS/NZS 60598.1:2003 and ICE 61347.2.12:2006 and 61347.1:2002 (certified 5th Jan 2001 expiry 4th Jan 2016)
	 N28689
Net Weight	415g
Warranty	4 years

This product is eligible for the NSW Energy Savings Scheme
